

RETURN VERDICT FOR POLICE CHIEF IN DAMAGE SUIT

Jury Returns Decision After
Long Hours Deliberation.

Findings were returned for John E. Rigney, chief of police of Goshen, by the jury in the circuit court Saturday morning in the suit brought against him by Cassie Delcamp for \$10,000 damages.

After 18 hours' deliberation the jury returned into court Saturday morning at 9:30 o'clock and asked that instructions be reread. Judge Seebirt complied with this request and one hour later the jury returned into court with a verdict for Rigney.

Arguments were closed Friday afternoon and the case given to the jury at 3:30 o'clock. Deliberation continued in the jury room until 12:30 o'clock Saturday morning when the jurors retired. Work was resumed by the panel early Saturday morning but efforts toward an agreement were unsuccessful until instructions had been reread.

Mrs. Delcamp charged that she was arrested by Rigney and Harrison Keys, his assistant, on the charge of indecency, they thinking she was her sister, Mamie Atkins. She was acquitted on the charge in Goshen city court, where all parties in the case reside.

Rigney made the defense that he stopped both women in a taxicab as they were on their way from Goshen to Elkhart and said he had a warrant for Mamie Atkins. Mrs. Delcamp allowed herself to be placed under arrest that her sister might escape.

The case was first tried in the Goshen circuit court, where a jury returned after 32 hours' deliberation and announced they were unable to agree on a verdict. The case was then transferred to the St. Joseph circuit court.

Hans C. Meland, of Fort Wayne, conducted the trial for Mrs. Delcamp, while W. C. Borus was counsel for Rigney, assisted by A. G. Graham, of South Bend.

Hearing of evidence has continued for several days in the circuit court before Special Judge Eli F. Seebirt and was finally brought to a close with arguments by the attorneys of the two sides Friday morning and afternoon. Judge Seebirt selected the same instructions as those given in the previous trial and tendered them to the jury.

MASTER BARBERS SAY THERE'LL BE NO RAISE ON HAIRCUTS

"To be or not to be"—\$1.
Elmer Doddridge, owner of the Doddridge shop, and spokesman for the master barbers of the city says that 50 cents for a haircut means the approval of the shop owners and that at least for sometime there will probably be no increase in the price.

Michael S. Warren of Cleveland, O., organizer of the Journeymen Barbers' International Union of America, who is here to organize South Bend Journeymen barbers says that the cost of haircuts will soar to \$1.

The organizer says that since the recent increase in price of haircuts from 40 to 50 cents went into effect, many patrons cut down their expenditures, and that within a few months the haircut price would soar to double what it now is.

Mr. Doddridge disagrees with the organizer. He speaks for barber-shop owners who see no cause for a further increase in the cost of haircuts.

YOUTFUL LOAFER GETS JOB AT PENAL FARM FROM GILMER

Irvin Sandmeyer violated his parole once too often.
Irvin is 19 years old, but he will not work, according to his mother. A year ago Mrs. Sandmeyer caused her son's arrest on a charge of vagrancy. She said that he would not work.

The youth was fined \$50 and costs and sentenced to 60 days at the state penal farm, but the fine and sentence was suspended. During the past year Irvin has broken his parole by refusing to work. Saturday morning he was taken before Judge Gilmer in city court. On the recommendation of Probation Officer Larry Lane, Judge Gilmer revoked the fine and sentence suspension and ordered the youth sent to the penal farm for 120 days.

"You'll work now," remarked the court as he wrote down the revoking order.

INSTALL MACHINERY IN STUDEBAKER ADDITION

With several of the buildings in the Studebaker corporation's expansion program completed, and others nearing completion, the machinery to be used in the manufacture of a larger output of Studebaker cars is now being installed, according to an announcement Saturday by the corporation.

Ground for the expansion work was broken a year ago Saturday, and the additions to the plant are 40 per cent completed. Approximately \$9,000,000 was expended during the past year and the same amount is to be spent during the coming year.

RADICALS IN CHARGE.

BERLIN, March 20.—Persons arriving in Berlin by automobile from points in south Germany report that the radical labor elements are everywhere in charge in the important industrial centers. These travelers state that the workers are not only armed but are besieging the government troops in their own barracks at many points in southwestern and central Germany and that soviet government has been installed in several cities.

The Horoscope

SUNDAY AND MONDAY.
MARCH 21-22.

Sunday's horoscope promises some lively and important occurrence, possibly involving a journey or a removal. It should result in conspicuous advantage, provided the conduct generally is cautious and discreet. Women, particularly should heed the conventions.

Those whose birthday it is may look to an important change. A child born on this day will be original, creative, romantic and successful.

Monday promises to be a day of important change, with traveling or removal. These may be abrupt in their visitation, but should bring benefits and success, provided the conduct is discreet in its social bearings. The tendency is toward the unconventional or esoteric, and this given away might lead to sensational disaster. There is some danger of fraud, deception and loss of money. Peculiar situations or predicaments are prefigured in affectional matters.

Those whose birthday it is may expect a prosperous year, but should be particularly discreet as to pleasure and company. A child born on this day will be inventive, original, changeable, successful, but perhaps unconventional.

PAPERS ASSAIL FOES OF TREATY

Say Prestige Won by U. S. in
War Has Been Frittered Away.

NEW YORK, March 20.—Comment of New York morning newspapers upon the senate's defeat of the peace treaty was as follows:

World.—The commanding prestige that the United States won in the war has been frittered away, and the country, after all its superb achievements, stands before the world today discredited and without a real friend.

Times.—Mr. Lodge might at any time have secured ratification with reservations sufficient for every reasonable purpose, reservations not obviously intended as dagger-thrusts. He has been beaten at his own game, a most despicable, deadly game, and upon him, as leader of the republican majority, the actual responsibility falls and will rest.

Tribune.—The treaty's defeat is a tragedy whose poignancy is intensified by the sordidness of the final president wrecking a great undertaking for no better reason than because he could not unconstitutionally have his way.

CHICAGO JOURNAL.—Sen. Lodge and his treaty rippers have succeeded in keeping the United States at war with Germany for yet another season. Lodge is in no small degree responsible for the reactionary plot which has just failed in Germany and for the bloodshed now prevailing in that country.

ATLANTA CONSTITUTION.—We are left in the attitude of having turned tail and fled from a situation which we, more than any other nation involved, were instrumental in bringing about. The responsibility rests upon the republican machine politicians and a few sordid democratic senators.

MASKED MEN KILL SINN FEIN MAYOR OF CITY OF CORK

Murder Comes As Climax to
Reign of Violence in
Irish City.

CORK, March 20.—Thomas MacCurtain, lord mayor of Cork, was shot and killed in his home at Blackpool at 1 o'clock today. The murder was committed by a band of armed, masked men, who had smeared their faces and hands with black.

Mrs. MacCurtain answered a knock at the door and was overpowered. Then her husband was called from his bedroom and shot in the chest as he opened the door. The men fled.

MacCurtain had been a prominent Sinn Fein leader. He served several terms in prison for activities on behalf of the Sinn Fein. Today's shooting came as the climax of a long series of outrages in the Cork district.

EX-REBEL LEADER TO LEAD CARRANZA FORCE

SAN ANTONIO, Texas, March 20.—For the purpose of conducting an active military campaign for the pacification of his former rebel associates, Gen. Roberto Celudo, former Felicista chief, is marching on Vera Cruz, according to a dispatch in La Prensa, local Mexican daily today.

Celudo has promised Carranza he would conduct an active campaign among all revolutionary actions in Vera Cruz.

ONE KILLED, SEVERAL INJURED BY FLAMES

ST. CINCINNATI, Ohio, March 20.—Edward Still, 40, was killed and several persons were injured in a fire which destroyed the New Cumberland, W. Va., courthouse, seven miles from here, early today. Police suspect incendiarism.

"Save your old clothes!"

By Richard Spillane.

NEW YORK—Do not throw away your old clothes.

In all probability all kinds of woolen and cotton goods will be more costly next fall and winter than at any time in 50 years.

If you are prudent you will be as saving of everything from your best suit to the bedclothes as you were in the days when the government was telling you it was a patriotic act to curtail your purchases to bare necessities.

There are men in the trade who declare ready-made suits that now sell for \$35 will command \$75 within a year. That seems extreme, but it is not impossible.

There is a pronounced shortage of wool threatening America. There is likelihood also of a pronounced shortage of cotton.

Read the RE-PRODUCTION from Mr. Spillane's article in The Cleveland Press.

What with STRIKES, SHORTER HOURS, scant WOOL production, a short COTTON crop, and other things, there's every prospect of continued HIGH PRICES in woollens and cottons—so

CHERISH YOUR OLD SUITS and OVERCOATS, you men—and

Send'em to be CLEANED!

CALL LINCOLN 1903
